STANDARD OPERATING PROCEDURE

Controlled Use - Hand Sanitizer Gel - 70% Alcohol

DOCUMENT CONTROL

Field	Controlled value	Field	Controlled value
SOP number	ACX-SANGEL70-VAR-SOP	Revision	1.0
Effective date	14 SEP 2026	Next review	14 SEP 2026

1. PURPOSE AND SCOPE

This procedure defines the controlled site use of Hand Sanitizer Gel - 70% Alcohol (ACX-SANGEL70-VAR) for approved hand hygiene tasks. It covers product verification, compatibility, safety controls and close-out. Chemical dosing and handling remain governed by the current product label, SDS and site-approved procedure.

Applies to	Healthcare / Hospitality / Education / Labs - approved personnel / areas only
Exclusions	Any use not covered by the current product label / SDS or site approval

2. RESPONSIBILITIES

Role	Responsibility
Authorised operator	Verify the correct product and current controlled documents; follow the approved site procedure and required safety controls.
Supervisor / QA / EHS	Maintain current label / SDS availability, confirm site controls, and define any required records or verification.

3. APPROVED PRODUCT AND EQUIPMENT

Product	Hand Sanitizer Gel - 70% Alcohol / ACX-SANGEL70-VAR
GHS pictogram	
Approved surfaces / equipment	Only site-approved areas / equipment listed on the current label / procedure
PPE	None required for normal use
Restrictions / incompatibilities	Flammable product: keep away from ignition sources and follow the current SDS and product label.

4. PROCEDURE

Step	Action	Acceptance / finish
1	Confirm product identity, SKU, label / SDS revision and task authorisation.	Correct product and current controlled documents confirmed.
2	Confirm compatible area / equipment, required PPE and site controls before the task.	Pre-use checks complete; incompatible use excluded.
3	Perform the task only under the current product label and site- approved operating procedure.	No unapproved chemical mixing, dosing or process deviation.
4	Complete site-defined finish / rinse / dry, container close-out and any required record.	Area / equipment left in the site- approved condition; product secured.

5. SAFETY CONTROLS

Control	Requirement
PPE	None required for normal use
Critical warnings	Flammable product: keep away from ignition sources and follow the current SDS and product label.
Emergency reference	Current SDS / label and site emergency procedure
