

Alle's ClinX

TECHNICAL DATA SHEET

Sodium Hypochlorite 10% - Bleach Concentrate

1. PRODUCT IDENTIFICATION

Product name	Sodium Hypochlorite 10% - Bleach Concentrate Concentrate
Brand	Alle's ClinX
Product code / SKU	ACX-NAOCL10-VAR
Product category	Institutional hygiene / disinfection support
Product form	Liquid concentrate
Intended market	Healthcare / Industrial / Labs
GHS pictogram	

2. PRODUCT DESCRIPTION

Sodium Hypochlorite 10% - Bleach Concentrate is a professional institutional hygiene / disinfection support product based on Sodium Hypochlorite 10% w/v available chlorine, with a stated pH of 11.0–13.0 (alkaline, stabilised). This sheet summarises supported identity, compatibility, safety, storage and packaging information.

3. KEY FEATURES AND BENEFITS

Feature	User / operational benefit
Sodium Hypochlorite 10% w/v available chlorine	Defines the formulation / active system used to identify the product.
pH: 11.0–13.0 (alkaline, stabilised)	Supports compatibility and handling decisions.
Pack: 5 Litres / Bulk on request	Supports procurement and document matching.

4. APPLICATIONS

Recommended environments	Healthcare / Industrial / Labs
Recommended tasks	Institutional hygiene / disinfection support
Use on	Only on areas / surfaces approved by the current product label and site procedure
Do not use on	Follow current product label / SDS for restrictions

5. TECHNICAL SPECIFICATIONS

Property	Specification
Active / chemistry	Sodium Hypochlorite 10% w/v available chlorine
pH	11.0–13.0 (alkaline, stabilised)
Product form	Liquid concentrate
Pack size	5 Litres / Bulk on request

6. SAFETY AND HANDLING SUMMARY

PPE	Gloves and eye protection required — concentrate is corrosive
Critical restrictions / incompatibilities	Corrosive bleach concentrate: never mix with acids or ammonia; use only under the current SDS and approved site controls.
First aid / spill reference	Refer to the current product SDS, label and site emergency procedure.

7. STORAGE AND SHELF LIFE

Storage conditions	Keep in the original sealed container, protected from heat and direct sunlight; follow current label / SDS storage limits.
Storage temperature	Below 25 °C
Shelf life - unopened	12 months from date of manufacture, unopened, stored below 25°C
Container requirements	Original, correctly labelled, tightly closed container unless the approved pack states otherwise.
