| Product code   | ACX-CARPETSH-VAR                                       |                                                                                     |
| Area / task    | Hospitality / Education / Labs - Fabric / textile care |                                                                                     |
| Guide revision | 1.0   14 SEP 2026                                      | GHS pictogram                                                                       |

### 1. WHERE TO USE / DO NOT USE

| USE ON                                                                    | DO NOT USE ON                                    |
|---------------------------------------------------------------------------|--------------------------------------------------|
| Only on areas / surfaces approved by the current label and site procedure | See current product label / SDS for restrictions |

### 2. PPE BEFORE YOU START

| HANDS                                                  | EYES                                            | BODY / OTHER                                    |
|--------------------------------------------------------|-------------------------------------------------|-------------------------------------------------|
| Gloves as stated in current SDS / site risk assessment | As stated in current SDS / site risk assessment | As stated in current SDS / site risk assessment |

### 3. DILUTION / DOSING

| Task                  | Dilution / dose                                        | Contact time                          |
|-----------------------|--------------------------------------------------------|---------------------------------------|
| Fabric / textile care | Follow current product label / approved site procedure | Follow label / site-defined condition |

### 4. HOW TO USE

| STEP | ACTION / INSTRUCTION                                                                                              |
|------|-------------------------------------------------------------------------------------------------------------------|
| 1    | Verify the correct product, SKU, current label / SDS and approved area before starting.                           |
| 2    | Confirm surface / equipment compatibility and any required PPE or site controls.                                  |
| 3    | Carry out the task only under the approved site procedure and current product label.                              |
| 4    | Complete the required finish / rinse / dry step from the current label, then close and return the product safely. |

### 5. CRITICAL WARNINGS

|                      |                                                                                                                     |
|----------------------|---------------------------------------------------------------------------------------------------------------------|
| Critical restriction | Follow the current product label and SDS. Avoid eye contact and use only on documented compatible surfaces / areas. |
| Safety reference     | For complete first-aid, spill response and hazard information, refer to the current SDS and product label.          |
