

Closing Hygiene Checklist

A close-of-day control to leave the facility clean, secured and ready for the next operating period.

FACILITY / SITE

AREA / BUILDING

DATE

CLOSING TIME

Operational check

☐ Scheduled cleaning tasks completed or formally handed over	Done / Action
☐ Waste removed to designated holding / collection point	Done / Action
☐ Washrooms cleaned, checked and left ready for next opening	Done / Action
☐ Floors completed and any wet areas safely controlled	Done / Action
☐ Cleaning tools reprocessed, dried or placed for reprocessing	Done / Action
☐ Machines emptied / cleaned and connected or stored as required	Done / Action
☐ Chemicals closed, labelled and returned to designated storage	Done / Action
☐ Low stock and damaged equipment reported	Done / Action
☐ Spills, incidents and abnormal findings documented	Done / Action
☐ Restricted areas, keys and access controls returned correctly	Done / Action
☐ Pending maintenance / hygiene issues included in handover	Done / Action
☐ Closing supervisor verifies final condition	Done / Action

Control note. Do not hide incomplete work: a clear handover is more valuable than a false completion tick.
