Record

| DATE | AREA | PERIODIC TASK | FREQUENCY | PRODUCT / METHOD | COMPLETED BY | VERIFIED | REMARKS |
|------|------|---------------|-----------|------------------|--------------|----------|---------|
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |
|      |      |               |           |                  |              |          |         |

**Control note.** Periodic tasks should map back to the approved area cleaning schedule so omissions are visible.
