| DATE / TIME | PRODUCT | CONCENTRATE | WATER | FINAL VOLUME | BATCH / LOT | PREPARED BY | VERIFIER |
|-------------|---------|-------------|-------|--------------|-------------|-------------|----------|
|             |         |             |       |              |             |             |          |
|             |         |             |       |              |             |             |          |
|             |         |             |       |              |             |             |          |
|             |         |             |       |              |             |             |          |
|             |         |             |       |              |             |             |          |
|             |         |             |       |              |             |             |          |
|             |         |             |       |              |             |             |          |
|             |         |             |       |              |             |             |          |
|             |         |             |       |              |             |             |          |

**Control note.** Only dilute when the product instructions permit it. Never combine cleaning chemicals unless the product system explicitly instructs you to do so.
