Task-to-PPE matrix

TASK	GLOVES	EYE	APRON	FOOTWEAR	OTHER	VERIFIED
Chemical dilution / decanting						_____
Routine floor cleaning						_____
Washroom / descaling task						_____
Spill response						_____
Machine cleaning / maintenance						_____
Waste handling						_____

Control note. Respiratory protection and other specialised PPE require task-specific assessment; do not select them from a generic checklist alone.

Evidence to check. Current SDS, task risk assessment, PPE availability, condition, fit / compatibility and worker competency.
