Operational check

☐ Room entry / status confirmed; maintenance issues noted	Done / Action
☐ Used linen and waste removed without contaminating clean supplies	Done / Action
☐ Bed / linen reset completed to property standard	Done / Action
☐ Bathroom fixtures, toilet, basin, shower and mirror completed	Done / Action
☐ High-touch points completed: handles, switches, controls, remote / phone	Done / Action
☐ Desk, bedside, wardrobe and accessible furniture surfaces cleaned	Done / Action
☐ Glass / mirrors free from visible marks where in scope	Done / Action
☐ Amenities and consumables replenished to standard	Done / Action
☐ Floor / carpet completed and visibly presentable	Done / Action
☐ Odour / ventilation condition acceptable; no unresolved dampness	Done / Action
☐ Cleaning tools / chemicals removed from guest area	Done / Action
☐ Final room scan confirms cleanliness, placement and defects	Done / Action

Control note. Keep defect reporting separate from the cleaning score so maintenance issues are owned rather than hidden inside housekeeping comments.
