

# School Classroom & Washroom Hygiene Checklist

A simple daily checklist for education facilities covering shared learning spaces and student washrooms.

|                          |                       |               |                       |
|--------------------------|-----------------------|---------------|-----------------------|
| SCHOOL / CAMPUS<br>_____ | BLOCK / AREA<br>_____ | DATE<br>_____ | COMPLETED BY<br>_____ |
|--------------------------|-----------------------|---------------|-----------------------|

## Operational check

|                                                                                            |               |
|--------------------------------------------------------------------------------------------|---------------|
| <input type="checkbox"/> Classroom floors and visible soil addressed                       | Done / Action |
| <input type="checkbox"/> Shared desks / tables cleaned according to facility schedule      | Done / Action |
| <input type="checkbox"/> Door handles, switches and shared touch points completed          | Done / Action |
| <input type="checkbox"/> Shared teaching / activity equipment cleaned where assigned       | Done / Action |
| <input type="checkbox"/> Waste bins controlled and surrounding area clean                  | Done / Action |
| <input type="checkbox"/> Drinking-water touch points clean where within housekeeping scope | Done / Action |
| <input type="checkbox"/> Washroom toilets / urinals and basins clean                       | Done / Action |
| <input type="checkbox"/> Washroom soap / handwash available and dispensers working         | Done / Action |
| <input type="checkbox"/> Washroom floors dry and free from slip hazards                    | Done / Action |
| <input type="checkbox"/> Bins, tissue / hand-dry supplies and odour condition acceptable   | Done / Action |
| <input type="checkbox"/> Spills, damage or hygiene concerns escalated                      | Done / Action |
| <input type="checkbox"/> Cleaning chemicals and tools stored away from student access      | Done / Action |

**Control note.** Increase frequency during outbreaks, high occupancy or visible contamination in line with the school's health and safety plan.

|                                   |                                |               |
|-----------------------------------|--------------------------------|---------------|
| COMPLETED / INSPECTED BY<br>_____ | SUPERVISOR / VERIFIER<br>_____ | TIME<br>_____ |
